EDUCATION

Savitribai Phule Pune University <i>Bachelor of Business Administration (Computer Applications)</i>	Pune, India 2022 – 2025
IT Vedant <i>Full Stack Web Development Course</i>	Pune, India Completed May 2025

EXPERIENCE

ReturnOnWeb Consulting Services Private Limited <i>Web Developer Intern</i>	Pune, India May 2026 – Aug. 2026
- Managed and updated web page content, layouts, and configurations across WordPress and GoDaddy platforms. - Collaborated actively with team members, contributing technical ideas and UI/UX recommendations for client projects. - Assisted in frontend enhancements, site maintenance, and cross-browser responsiveness testing.	

PROJECTS

JP'S Nursery <i>React.js, Web Design, Vercel</i>
- Developed a web application for plant nursery management featuring clean layout architecture and intuitive user navigation. - Implemented mobile-first responsive design ensuring seamless cross-device performance.
Project Tracker <i>React.js, JavaScript, Vercel</i>
- Built an interactive web dashboard application for task tracking and real-time project status management. - Structured dynamic data flow and responsive component layouts for optimal workflow efficiency.
Explore Profiles Map App <i>React.js, Leaflet.js, JSON, Local Storage</i>
- Built an interactive map-based profile explorer using Leaflet.js for geolocation and map rendering. - Implemented admin panel functionality enabling dynamic creation and management of user profiles.
Rock-Paper-Scissors Game <i>React.js, HTML5, CSS3</i>
- Developed an interactive game using React Hooks and component-based architecture. - Implemented dynamic state management for game logic, real-time scoring, and round tracking.
